The Between-Rounds Instruction Card

Close one round and clarify the permitted next step.

A short reset serves required care, one responsible coaching direction, and a clear event handoff.

Example: after a round, the responsible adult checks a concern through the program's process. The coach repeats one taught signal, the event desk confirms the next location, and longer analysis is saved for afterward.

01 Close the round

Record the event without a sweeping label.

Completed round or event

One factual observation

Feeling the athlete names

Nonurgent issue saved for later

02 Confirm required care

Keep proper support ahead of a routine.

Concern reported to responsible adult

Care or participation decision owner

Applicable restriction or event rule

Unresolved issue and contact

The Between-Rounds Instruction Card / Review & follow-through

03 Receive the direction

Keep one responsible coaching voice.

Coach's current instruction

Instruction in athlete's words

Conflicting demand to clarify

Appropriate question for the coach

04 Make the handoff

Know the next place and person.

Verified next location

Schedule source and uncertainty

Approved responsible adult

After-event review question
