Borrowed Plan Adoption Review

The file has not met your group.

An outside plan needs a local suitability decision.

Hypothetical example: A shared plan assumes two authorized teaching adults; the receiving coach identifies that missing condition and holds the affected portion for program review.

01 A printed plan is not a prepared session

Identify the complete source and intended setting.

Source and sharing permission

Intended learners and lesson

Complete instructions available

02 Recover the assumptions behind the sequence

List stated assumptions and actual local differences.

Stated prerequisite or resource

Actual local condition

Missing answer and question owner

Borrowed Plan Adoption Review / Review & follow-through

03 Decide what you can honestly adopt

Approve, modify or hold each relevant element.

Element approved for use

Qualified adaptation or hold

Current local plan identifier

04 Teach your session rather than the reputation of the file

Review the adopted session and preserve its source.

Part actually taught

Observed issue without outcome inflation

Source or local revision to retain
