Family Game Honesty and Restart Plan

Winning a game cannot cost the truth.

A clear repair teaches more than a room full of accusations.

Hypothetical example: a child moves a piece extra spaces, returns it to the agreed place, and resumes under the same rule as everyone else.

01 Describe the move you actually saw

Identify the move and the agreed rule.

Game and round

Move actually observed

Rule agreed before play

What is still uncertain

02 Restore what can be reconstructed

Restore the actual game state.

Piece or score before the move

Correction everyone can verify

Round that cannot be reconstructed

Person receiving the correction

Family Game Honesty and Restart Plan / Review & follow-through

03 Give the child a fair next choice

Choose a fair way to continue.

Continue or stop decision

Rule explanation in plain words

Adult model of losing fairly

Child's fair replacement choice

04 Check what the adults model

Review the adult example and next game.

What the adult said during correction

Apology for an accusation if needed

Next game agreement

Date to revisit the pattern
