Friend Invitation Approval Map

An offered home needs a confirmed host.

A child can invite warmly after adults confirm the actual visit.

Hypothetical example: a child asks about a Saturday visit before inviting a friend, and the parents confirm arrival and departure through the families' existing adult contact route.

01 Proposed visit

Keep the invitation a proposal until approved.

Friend and proposed activity

Day and time requested

Hosting adult to ask

02 Household decision

Check what the home can actually support.

Adult hosting capacity

Decision actually given

Alternative genuinely available

Friend Invitation Approval Map / Review & follow-through

03 Family handoffs

Leave necessary arrangements with adults.

Guest-family confirmation

Arrival and departure plan

Point still needing adult agreement

04 Invitation or correction

Send only the promise the adults confirmed.

Approved invitation wording

Early promise needing correction

Who completes the adult message
