The Repeated-Request Review Rule

Hear new facts. Keep a clear decision. Move forward.

An optional request can be settled while relevant new information and necessary help remain welcome.

Example: a store stop is declined today. A new transport offer may justify a review; repeating the wish does not change the plan.

01 State the answer

Record the decision without leaving a hidden maybe.

Optional request

Answer already given

Scope: today or longer

Child's understanding

02 Allow a review

Identify facts that could actually change the decision.

Relevant new fact

Fact to verify

Adult who can review

Promised review time

The Repeated-Request Review Rule / Review & follow-through

03 Close the loop

Prepare a short response and a useful transition.

Repeated-request response

Feeling child can name

Immediate next task

Help for the transition

04 Check follow-through

Review listening and the promise to return.

Review promise kept

Adult wording to fix

Child action observed

Rule for next request
