Church Service Preparation

Prepare for worship before the doorway gets busy.

Give children understandable ways to participate, practical preparation, and suitable help within your congregation's arrangements.

Example: a family previews the song and Scripture reading, checks the children's program procedure, and chooses a quiet help signal. After worship, they discuss one noticed word.

01 Preview worship

Use your own congregation's real sequence.

Service time and entrance

Main service parts

Two clear expectations

Church support contact

02 Prepare practical needs

Arrange care and approved items before arrival.

Items to bring

Bathroom or care plan

Suitable seat or room

Allowed quiet support

Church Service Preparation / Review & follow-through

03 Plan participation

Give the child a real and manageable role.

Song or reading to notice

Child participation task

Adult example

Quiet help signal

04 Review the morning

Use one observation to improve next Sunday.

What child noticed

What helped participation

Difficulty to address
