Read the Actual Request in the Church's Prayer in Acts 4 - working notes

One situation. Clear facts. An honest next step.

Identify the report, the prayer's view of God, the request for bold speech and the answer. Keep the church's witness distinct from winning an ordinary argument.

Hypothetical example: An adult revises a prayer for a hard conversation so it asks for truthful speech without demanding another person's humiliation. Necessary protection is handled separately.
