# First Samuel 16 Assumption Review

*Separate a first impression from the direction in the account.*

Check an ordinary judgment with actual evidence and keep divine knowledge distinct from your own.

Hypothetical example: a parent reads Samuel's first assumption, then notices they assumed a confident-looking child understood a household job; the parent checks the instructions and corrects the earlier statement.

## 01 Direction and assumption

Identify whose words each conclusion belongs to.

Passage read together

Direction given to Samuel

Samuel's first assumption

## 02 Correction and selection

Keep this account's divine direction recognizable.

Lord's correction about appearance

Direction concerning David

Question about selection or anointing

# First Samuel 16 Assumption Review / Review & follow-through

## 03 Ordinary impression

Label your household comparison as an application.

Impression you treated as fact

Actual task requirement

Evidence or instruction to check

## 04 Human correction

Use an accurate explanation for your own change.

Statement needing correction

Person and audience needing the update

Practical instruction or handoff still owed
