Babel Purpose and Project Review

Read the stated aim before praising the shared effort.

Examine your project's purpose without claiming to know God's reason for every obstacle.

Hypothetical example: a family reads the builders' stated purpose in Genesis 11, then revises a school-display plan after noticing it assigns a sibling's time without asking and exaggerates the expected recognition.

01 Stated purpose

Begin with the words the builders use.

Passage read together

Purpose stated by the builders

Verse detail needing explanation

02 Account's response

Follow the ending without adding a modern ranking.

Lord's response in the account

What becomes of the building

Question for further Scripture study

Babel Purpose and Project Review / Review & follow-through

03 Present project

Label this comparison as a household application.

Project and honest intended purpose

Actual duties the plan depends on

Permission or shared credit to check

04 Specific revision

Change the plan where the real problem appears.

Purpose statement needing correction

Assignment or scope to revise

Person who needs the corrected instruction
