Read the Mustard Seed and Leaven Without Promising Your Project Will Grow - working notes

One situation. Clear facts. An honest next step.

Identify what Jesus compares to mustard seed and leaven. Keep the kingdom as the subject and distinguish a household illustration from a promised pattern of personal success.

Hypothetical example: An adult removes a promise that a child's small project must become large. The family reads the kingdom comparisons without making the project their replacement subject.

01 Ask what the comparison is about

Identify the subject Jesus names before making an analogy.
