Read Matthew 18 Without Despising the One Who Needs Attention - working notes

One situation. Clear facts. An honest next step.

Keep the warning against despising little ones beside the sheep comparison and its conclusion. Choose care without inventing an outcome or shaming a particular child.

Hypothetical example: An adult removes a dismissive label and returns to an agreed explanation. No child is cast as the family's lost sheep or asked to share an embarrassing mistake.

01 Read the warning around the familiar picture

Read the warning, comparison and conclusion together.

Verses and translation

Opening warning

Concluding statement

02 Describe the comparison without supplying a biography

List reported details without inventing motives or a child role.

Details actually reported
