Talents and Entrusted Duty Record

Account for the duty actually entrusted.

A household outcome is not a financial promise or a verdict on faith.

Hypothetical example: a parent reads the whole talents account and checks an agreed volunteer handoff without claiming that the task or its result measures the child's spiritual standing.

01 The trust in the account

Use the story's actual goods and roles.

Goods entrusted

Different amounts named

Time and return in the story

02 Accounting and question

Keep the hard ending in view.

Servants' reports

Master's response

Question for church discussion

Talents and Entrusted Duty Record / Review & follow-through

03 Actual responsibility

Choose a duty already entrusted.

Task and responsible owner

Instruction actually received

Authority or help still needed

04 Truthful account

Check conduct without inventing a faith score.

Completion you can verify

Repair still owed

Outcome outside your control
