The Genesis 1 Observation Map

Read the words before adding the picture.

An illustration can serve a reading when its added choices remain distinct from the biblical text.

Example: a family notes the text's words about plants and goodness, labels its drawing as an illustration and saves a question for teaching.

01 Mark the reading

Be clear about the portion actually read.

Verses and translation read

Statement about God observed

Repeated words noticed

Portion remaining for later

02 Check the illustration

Artistic choices are not added Scripture.

Text detail being illustrated

Picture or activity chosen

Added detail to label clearly

Words to reread for accuracy

The Genesis 1 Observation Map / Review & follow-through

03 Sort the questions

Different questions may need different help.

Word or text question

Church interpretation question

Science question requiring a source

Responsible person or source to ask

04 Choose a response

Applications are ordinary family decisions.

Thanks tied to the reading

Suitable care or dignity action

Adult participation needed
