Read Unwilling to Work Without Erasing Unable to Work - working notes

One situation. Clear facts. An honest next step.

Read 2 Thessalonians 3:6-15 as a connected instruction about the reported unwilling work and busybody conduct. Do not make it a verdict on every person who lacks employment or needs care.

Hypothetical example: An adult withdraws a lazy label applied to a relative outside paid employment and asks only an appropriate practical question if they genuinely have a role in offering help.
