The Sports Carpool Handoff Plan

Name the driver, the receiver, and what happens when timing changes.

Helpful transport needs clear permissions, suitable seating, and verified handoffs.

Example: approved households agree on two practice trips. Each guardian verifies the child's seating arrangement. The driver and receiving adult acknowledge the private schedule, and an approved backup is named before the week begins.

01 Confirm the approved arrangement

Keep completed child and contact details private.

Guardian permission confirmed

Program transport rules checked

Approved drivers / receivers

Vehicle and consent checks needed

02 Check every rider's place

Follow the actual seat and vehicle instructions.

Riders for this trip

Suitable seating / restraint arrangement

Guardian and driver verification

Help needed before pickup

The Sports Carpool Handoff Plan / Review & follow-through

03 Map both handoffs

Name the responsible adult at each end.

Pickup point / time

Driver and vehicle confirmed

Destination / receiving adult

Return pickup and handoff check

04 Agree on acknowledged changes

A backup must meet the same requirements.

Delay contact / acknowledgment

Approved backup adult

Changed-plan approval procedure

Completed handoff / next-trip update
