Final Cart and Optional Extras Review

The last screen still deserves a decision.

Approve the purchase that exists now.

Hypothetical example: a shopper removes an unwanted optional plan, verifies the updated cart and pays only after the authorized adult approves the complete purchase.

01 Compare the cart with the purchase you intended

Match the live cart to the household's intended purchase.

Intended item and quantity

Actual cart lines

Adult authorized to decide changes

02 Read what the extra includes

Read every added option and current charge.

Optional extra and its purpose

One-time or recurring terms

Full total and unresolved fees

Final Cart and Optional Extras Review / Review & follow-through

03 Approve the complete current version

Approve the complete version before payment.

Kept and removed selections

Current amount approved

Approval or paused status

04 Check the confirmation against the approved cart

Match the confirmation to what was approved.

Actual confirmation identifier

Mismatch and seller contact action

Private records location
