New Recipe Completeness Decision

A finished picture is not a complete cooking method.

Find and understand the instructions before promising the dish.

Hypothetical example: the adult finds a listed sauce with no preparation step, records the specific question, and selects an understood recipe for tonight while waiting for clarification.

01 Identify one version

Find the full recipe and choose the version to evaluate.

Recipe source and version

Other copy that differs

Meal being considered

02 Match ingredients and method

Find the role of every ingredient and preparation word.

Ingredient without a clear step

Method item missing from the list

Prepared or reserved term to clarify

New Recipe Completeness Decision / Review & follow-through

03 Check completion instructions

Read required endpoints and resolve unfamiliar actions.

Required endpoint or instruction

Official guidance needed

Exact question and appropriate source

04 Make the recipe choice

Record whether to use, clarify or choose another recipe.

Current decision and reason

Complete alternative if needed

Response that would reopen the decision
