Child Speaking Turn Support Plan

Give the invited answer room to arrive.

Support a child's contribution without quietly replacing it with your own.

Hypothetical example: a child brings a written book title to the library desk while the parent supplies only the adult account information.

01 The ordinary conversation

Select a low-pressure practical exchange.

Setting and question

Child's actual contribution

Reason adult information is also needed

02 Supported answer

Prepare the support the child wants.

Words or other answer method

Help signal

Short practice if useful

Child Speaking Turn Support Plan / Review & follow-through

03 Adult boundary

Keep your information in its proper place.

Adult-only detail

Sentence that returns the turn

When you will step in

04 Review the support

Change your own habit when needed.

Did the child receive a turn

Help they wanted afterward

One adjustment for next time
