Family Baking Tasting and Cleanup Plan

Teach the rule before the spoon reaches a mouth.

A useful child's job includes a boundary the adult will keep.

Hypothetical example: a child reads the next recipe step while an adult removes the used mixing spoon and completes the flour cleanup.

01 State the boundary before the spoon is tempting

State the raw-mixture boundary for this baking task.

Recipe and mixture being prepared

Tasting rule explained

Suitable snack or waiting plan

02 Include the flour in your reasoning

Identify the flour guidance and cooking directions.

Current flour or mix package

Cooking instruction source

Unresolved preparation question

Family Baking Tasting and Cleanup Plan / Review & follow-through

03 Give each helper a real job

Choose supervised jobs for the actual helpers.

Helper and demonstrated ability

Specific supervised job

Adult remaining responsible

04 Complete cleanup before the next food task

Assign cleanup and the ready-food handoff.

Hands and equipment cleanup

Clean ready-food serving items

Adult confirming completed sequence
