Peer Reminder and Current Direction Check

Age does not answer which instruction applies.

A useful peer reminder can be heard while coaching authority remains with the adult.

Hypothetical example: an older athlete checks a labeled box, thanks a younger teammate for the accurate reminder and asks the coach about an unrelated technical question.

01 Hear what was said before answering the age

Record the peer reminder and the actual task.

Reminder in actual words

Task it concerns

Age or status argument to set aside

02 Check the direction without turning it into a contest

Verify the current direction through the appropriate source.

Coach's current direction or label

Supported part of the reminder

Question that still needs the coach

Peer Reminder and Current Direction Check / Review & follow-through

03 Acknowledge a useful reminder plainly

Choose an honest courteous response.

Response if the reminder is accurate

Delivery concern to address separately

Assigned action actually taken

04 Keep the peer's role bounded

Hand questions beyond the peer role to the adult.

Issue exceeding ordinary peer help

Responsible adult route

Clarification received or pending
