Shared Charging Item Return

Identify the exact shared item and its usual location.

Agree on the shared item's use and return rather than treating its disappearance as the other person's problem.

Hypothetical example: A family agrees that a shared cable returns to its usual drawer at an explicit time rather than remaining in an unknown bedroom.

01 Name the item that is shared

Identify the exact shared item and its usual location.

Shared item

Usual location

Person responsible

Borrower

02 Check permission and intended use

Check the item's instructions and permission for the proposed use.

Proposed use

Instruction checked

Permission received

Question unresolved

Shared Charging Item Return / Review & follow-through

03 Make the return concrete

Agree on a return place and time that the borrower understands.

Return place

Agreed return time

Reminder agreed

Borrower's understanding

04 Verify the real handoff

Verify the return and address one missed handoff accurately.

Actual return

Condition concern
