Team Learning Suggestions Review

Inviting a proposal includes returning an honest decision.

Athletes can contribute observations while coaches retain responsibility for the shared plan.

Hypothetical example: players describe conflicting restart directions, and the staff chooses an approved role-clarification lesson rather than voting on a new drill.

01 Ask about the work they want explained

Collect specific athlete learning suggestions.

Learning suggestion in actual words

Situation behind the request

Another view to hear

02 Keep observations separate from wishes

Separate observations from hoped-for outcomes.

Action the team observed

Outcome hoped for

Claim needing checking

Team Learning Suggestions Review / Review & follow-through

03 Explain who decides and which limits apply

State who decides and what requires review.

Staff decision authority

Program limit affecting the proposal

Review still pending

04 Return the chosen priority and its reason

Return the chosen priority and explain its status.

Priority actually chosen

Reason given to the team

Disposition of the other suggestion
